

Membership Requirements for Racing WA Cyclocross in 2021

You can race under your current valid

- **CA Race, or**
- **MBTA Race license.**

As the year progresses you will need to renew your racing license when the above types expire

If you don't have one of the examples above, you will need to read below and decide which racing license suits your needs.

All rider from **U9 to 65+** will need to have a valid license to enter any WACX event in 2021 via Entry Boss and you will need to present it when you collect your racing numbers this season.

The more riders of this magnificent cycling discipline that cyclocross is, the greater the chance that the sport has of gaining proper recognition - therefore funding and support from our newly formed national governing body.

Perth Mountain Bike Club & WA Cyclocross

This may surprise many, WA Cyclocross isn't a Club at all, as we operate under the organisational umbrella of PMBC structure.

WACX's total focus is delivering the best cyclocross series in Australia **The Numbat Cup** and a host of ionic events such as **Supercross** (CX under lights at the Claremont Showgrounds), **Graeme Brown Gravel Cross** and the **Southern Hemisphere Single Speed Championships**.

Joining PMBC

Becoming a member with Perth Mountain Bike Club (the club that WA Cyclocross administers the cyclocross season under) is easier thanks to AusCycling – the newly formed governing body of all cycling disciplines in Australia. Cyclocross, MTB, BMX, Road and Track.

Memberships last for 12 months from the date of purchase, and monthly payment options are available (with a slight increase in cost for administration expenses). Prices below include a \$25 club fee to support club activities (waived for U13 and younger riders).
